

# DIAMOND CRYSTAL FREE HYDRABRASION WITH OPTIONAL LIQUID INFUSION

## The Diamond Hydrabrasion Skin set includes:

- Hand-piece
  - Ergonomic angled adapter(45 degrees)
  - 75; 100; 150 and 200 microns diamond tip (face)
  - 100 microns extra surface diamond tip (body)
  - 150 microns cone tip (PIGMENTATION)
  - Brush for hand-piece and tip cleaning
  - A pair of 50 and 100 micron Hydra Infusion tips with an extra hand piece
- 
- The latest innovation is the new and revolutionary Diamond Hydra hand piece, combining diamond crystal free microdermabrasion with the infusion of topical formulations for different skin conditions.
  - The Diamond Hydrabrasion system goes beyond standard microdermabrasion by providing simultaneous exfoliation with topical delivery treatment. This treatment maximizes the absorption of topical infusions while providing a smooth, precise and safe exfoliation.
  - Faster recovery of the skin - Superior exfoliation results - Better for dry skin.
  - The moisture from topical solutions used during a Crystal Free Hydrabrasion will leave the skin with a cool, refreshing sensation. Use with our oxygen serum to speed healing and help clear acne.
